

# **critical links:** A professional inquiry process

## 2R.1

### Critical Links Subject Index

<b>Subject Heading</b>	<b>Page #</b>
A+ Program	
analysis of A+ model based on national standards	86-87
impacts and effects	84, 88-89
program evaluation	84-85
strategies of A+ model	86
Access to arts education—urged as a focus of future investigation	100
Adult mentorship	29
Aesthetic education and instrumental arts education compared	59
After-school arts involvement and low SES students	78-79
Artist residency as a context for arts education	36
Arts and the High School Dropout Prevention Program	74
Arts concentration and high school student performance on national examinations	76-77
Arts curriculum guide	91
Arts disciplines involved in discipline-specific arts study and arts integration in schools	145-148
Arts education coordination	91
Arts experiences and achievement in junior and senior high	68-69
Arts in the Basic Curriculum	90
Arts instruction, completeness of	148
Arts integration	
achievement differences based on gender	102
and self-regulation	64-65
discipline-specific arts study and arts integration in schools	145-148
in music education	102-103
meaning of for research purposes	65
need to ensure integrity of arts learning in arts integration studies	146
teacher questionnaires about integration activities	66
skills training absent in visual arts integration studies	149
studies fail to focus on arts learning	145-147
Arts learning environments	100
Arts organizations	49
and factors influencing student academic success	78
ArtsConnection	64
Creating Original Opera Program	
Shakespeare & Company	48-49
theater education	48-49
Whirlwind Program	36
Arts partnerships	72-73
Arts programming in-school and out of school	66
Arts teaching	
practices	99
provided by classroom generalist and arts specialists	66
ArtsConnection	64
Assessment	
10 item comprehension test described	34
alternative assessments	141
approaches to assessment of story comprehension	54

# critical links: A professional inquiry process

authentic assessment of arts learning	98-99
bead memory test	104
Burdett Music Competency Tests	102
California Achievement Test	22
criteria for children's use of language	50
criterion referenced test for narrative recall	42
Developing Cognitive Abilities Test	108
Elementary Reading Attitude Survey	102
Iowa Tests of Basic Skill—Vocabulary and Reading Comprehension	102
mathematics learning criteria for 2nd graders	121
McCarthy Scales of Children's Abilities	126
Metropolitan Achievement Test (MAT6) – Reading Diagnostic section	22
Music Attitudes Profile	102
music education and SAT test scores	106
music learning criteria for 2nd graders	121-123
need for alternative tools	89
of creativity using student drawings	82
of student ability to recall a story	38-39
of student ability to respond to art	142
outcomes described for spatial temporal reasoning, other spatial tasks and general intelligence	114
pattern analysis	104
performance assessment dimensions described	37
pictures used to test student ability to reconstruct story sequence	42
problems of assessment	143
process of rating student work	141
quality criteria for 5th and 6th grade writing	112
questions used for assessing learning	142
Raven's Standard Progressive Matrices Test for Critical Thinking	4, 14
Robinson's Test of Writing Fluency	40
SATs	77, 96-97, 106, 130
selecting or creating appropriate measures of reading readiness	139
self-esteem criteria and Rosenberg self-esteem scale	119
Shields and Knapp's Scale of Six National Dimensions of Effective Reform Practice	86
standardized test scores in longitudinal study	90
Stanford Binet Test	104-105
Test of Language Development	20
Test of Specific Oral and Language and School Adjustment Skills	20
tools to assess social and linguistic skills	20
Torrance Test of Creative Thinking	4, 8, 66
United Kingdom's national academic exams (GCSE)	76
using visual images to promote and assess reading skill	144
verbal tests of vocabulary and sentence memory	104
visual and linguistic measures of reading readiness	138
visual images to assess learning about history	141
Walk-McConnell Scale of Social Competence	20
Wechsler Preschool and Primary Scale of Intelligence—Revised	124
weekly rating of student writing	32

# **critical links:** A professional inquiry process

At-risk students	10
Autobiographical memory	118
Baker, T.	59
Bradley, K.	59
Bransford, J.	28, 151-152, 156-157
British Columbia, Canada	147
Calgary, Canada	147
California State University Canada	148 121, 146-147
Chabris, C.	117
Champions of Change	147
Characteristics of successful A+ implementation	85
Chicago Arts Partnerships in Education	72
Chicago, Illinois	10
Chicago Public Schools	36
Child themes found in dramatic play	26
Children's attitudes toward reading	23
Children's Theatre Association of America	23
Collaboration	
artist and teacher	36
in-school and out-of-school	88
teacher questionnaire about collaboration with arts specialists	66
Collaborative Engagement	86
Conditions and rewards applied	128
Conflict resolution through drama	42-43
Creating Original Opera, program evaluation	94-95
Creative dance contrasted with traditional dance	4
Creative drama defined	23
Creative thinking	7
Critical and creative thinking skills contrasted	5
Czikszenmihalyi, M.	82
Damasio, A.R.	152
Dance	
and children with behavioral disorders	6-7
and cognition	14-15
and literacy	10-11
and social development	12-13
Dance education	
and literacy	2-3
creative and critical thinking	4-5, 8-9
creative dance contrasted with traditional dance	4
definition of instruction	3
improvisational movement exploration	10
non-verbal reasoning	2-3
purposes of research	16
service learning	12
social outcomes	12-13
transfer of learning from dance to other contexts	8, 18

# **critical links:** A professional inquiry process

Dance research in community contexts	12-13
Design of school reform initiatives	87
Developmental analysis	
assimilation, ego-centrism and accommodation	24
conservation and perspectivism	24
of children's drawings	148
of reading and writing	26-27
Piaget, J.	25
pre-operational stage	24
Drama education	
and importance of getting out of role for leadership and reflection	47
and literacy	26-27
and moral language development	50-51
and persuasive writing	52-53
and reading comprehension skills	22-23
and research in secondary education settings	59
approaches to pre-writing	32
changing classroom to include drama	56-57
Children's Theatre Association of America	23
creative drama defined	23
creative dramatics	47
differences in student use of language in normal classroom activities and in drama	50
drama curriculum described in dissertation appendices	21
dramatic coaching and literacy	56-57
drawing as prewriting activity for 2nd and 3rd graders	32-33
early childhood	54-55
experiential and presentational drama	51
focus on reading and language	60
formal reflection and learning	61
impact on oral presentation in a rural high school	30-31
improvisational drama	51, 57
independent and collaborative learning	28
literacy	45
low-SES students	47
narrative understanding	60
original dramatic material compared with previously created scripts	50
participation of drama and speech specialists	51
playwriting and performance	29
problem-solving through playwriting	28
reading and 4 <sup>th</sup> grade students	36-37
readers' theater	57
research topics recommended in theater education	37, 62
role playing compared to drama	53
script writing in an urban high school	28-29
self-thinking impacts of drama in high school	30
Shakespeare—influence on learning	48
social and self learning	60
social dimension of learning	50
socio-drama	47

# critical links: A professional inquiry process

story dramatization and 1st grade reading comprehension	34-35
student engagement in drama learning	34-35
students perceive growing self-efficacy in playwriting	28
teacher professional development	50
theater and senior high students	70
therapeutic strategy for high school students	30
translating stories into plays	26
United Kingdom	58
urban education research setting	29, 36
with children with learning disabilities	20-21
Drawing	
as prewriting	32
problematic because of its educational history	146
without instruction critiqued as a substantive engagement with art	145
Dubuffet, J.	
Early childhood	
analysis of play and other social behaviors	54
drama education	24-25, 26-27, 38
imaginative play	24-25
keyboard instruction	124
music education and spatial reasoning	126-127
peer-sustained play effective in improving 5 years olds' recall	42
reading comprehension through drama	38
reading impacts of arts learning for younger readers	34
symbolic functioning and writing	40
vocal instruction	124
writing associated with dramatic play in early childhood	40-41
Education Development Center	147
Eisner, E.	99
Elements of story understanding	34
Empire State Partnership Project	147
Engagement in dramatic learning	34
English Language Learners	141
Erickson, F.	56
Florida State University	75
French language instruction and music	121-123
Gardner, H.	127, 154
Georgia	38, 42
Getzels	82
Glass, P.	
Goodman, J. Ross	55
Grants program for arts education	90
Great Britain	100
Growth in self-perception, behavior and leadership	28
Hawthorne effect	72, 103
Heathcote, D.	58, 62
History instruction and visual art	141
Instructional approaches in the arts	75
Instruction – teaching strategies matching student learning styles	23

# critical links: A professional inquiry process

Instrumental learning through arts	64-65
Kenan Institute for the Arts	84-85
Korean cultural influence on dance outcomes	5
Laban Movement Analysis	5, 15, 17
Language development and drama	50-51
Language outcomes	10
Leadership	61
Learning	
active student role	144
mode dominance	122
motivation	139
Learning disabilities—demographics in special ed.	21
Learning in the arts and learning theory	156
Learning transfer	61, 94, 99, 100, 127, 151-157
activated through music listening and long-term impacts	117 30
evidence of near transfer	22-23, 83, 142
from dance to other outcome areas	8, 18
implications of	122
musical and spatial-temporal thinking	115
neurological basis	152
problems of identifying skills transfer	139
research on evaluating evidence of transfer	93
two-way model	134
and visual arts	83
Literacy	
assessment of story recall	38-39
comparing and contrasting and text organization	102
drama education	34-35, 36-37
drama and younger children	34, 43
dramatic texts perceived as powerful	26
how meaning is conveyed by young children	44-45
impact of drama on story recall	42-43
influence of adult and peer participation	42-43
music and literacy achievement	102
music education and literacy	106-107
music of language	10
related phenomena categorized	26
research of social interaction and kinetic play recommended	39
research of regular classroom drama instruction recommended	39
story dramatization and 1 <sup>st</sup> grade reading comprehension	34-35
supported through accommodating others' points of view	38
symbolic functioning and writing in early childhood	40
Math test scores examined	64
Mathematics and music related	131
Meta-cognition	55

# **critical links:** A professional inquiry process

and visual art	144
Mississippi	85
Mozart effect, and related research	115, 116-117
Mozart, W.A. – Sonata for Two Pianos in D major, K. 448	116, 124
Multi-cultural texts used as sources	56
Multi-modal instructional approaches	33
Multiple intelligences theory	87
Museum-based arts education	142-143
Music education	
alignment of research outcomes with national standards in music education	114-115
and behavior reinforcement	128-129
child musical interests	112
concepts: timbre, articulation, harmony and expression	122
essentialist and instrumentalist points of view	132
high school students	70
identifying musical form	102
influences learning in mathematics and language	133
integration of music and language instruction	121-123
keyboard instruction	126
learning and therapeutic outcomes	128
learning criteria for 2nd graders	121-123
learning transfer	134
literacy through	102
longitudinal study of music instruction	108
mathematics	130-131
meta-analysis of music and learning in other areas	132
Mozart effect, and related research	115, 116-117, 124-125
Mozart, W.A.	116
need for research on nature of musical experience	109
neural circuitry, changes over time	125
non-musical cognitive outcomes	114-115
performance by at-risk males	119-120
proportional mathematics	110-111
Reference list	136-
SAT scores	130
seat time measure critiqued	107
second language learning	121-123
self concept	119-120
singing and low-SES students	125
social-emotional development and behavior modification	134
spatial temporal reasoning	124-125
traditional music notation	114
therapeutic implications of music education	119
Music education research	
Center for Music Research	75
future directions	135
neurological frameworks for	133
Music - Instrumental	

# **critical links:** A professional inquiry process

concepts: pitch intervals, fingering, sight-reading, music notation, and playing from memory	124
Guitar	119
Keyboard training and spatial temporal reasoning	104-105, 126
Orff tone bells	121
Suzuki violin training	106
Music listening	
and influence of musical style	116
and literacy	112-113
and mathematics	130-131
and spatial-temporal tasks	116-117
and writing skills of emotionally disturbed students	118
influence of on student focus	118
Narrative writing for 2nd and 3rd graders described	32
National Educational Longitudinal Study (NELS)	68, 78
National Foundation for Educational Research (NFER)	77, 100
National Shakespeare Institute	48
New Brunswick, Canada	121
New York Arts Annenberg Project	147
New York, New York	28, 64
North Carolina	84, 86, 89, 102

Out-of-school arts experiences	68
Parent involvement	91
Pearl Jam	116
Pennsylvania	30
Performance anxiety – performance strategies ameliorate	120
Performance of music by at-risk males	119
Perkins, D.	8
Phonemic awareness	123
Piaget, J.	25
Poetry	
in combination with movement	7
writing and dramatic presentation	30-31
Processes and environments of arts learning recommended as research focus	99
Professional development	
and arts integrated learning	64
influences on student achievement	32-33
Rational Emotive Therapy (RET)	120
Reading	
and negotiation of meaning	56
and visual art instruction	138-140, 144
comprehension influenced by dramatic enactment	22-23
decoding text	26
readiness	47
readiness and visual art instruction	138 -

# critical links: A professional inquiry process

	140
remedial reading instruction	57
test scores examined	64
Reasoning measured	142
Research	
alternating treatment experimental design	34
analytic categories related to child reading and instruction	56
annual student interviews about extracurricular activities	80
categories of play analyzed	40
categories describing social and linguistic skills	20
Center for Music Research	75
combined self-selection and random selection study design	36
comprehensive collection of data described	84
criteria for meta-analysis selection	2, 46-47, 92, 106, 114, 116
criterion referenced test for narrative recall	42
data management and comprehensive collections of evidence	88
data sources, qualitative including interview, survey, student work and others	6, 26, 28, 30, 50, 52, 56, 66, 76, 90, 94-95
difficulties of identifying impact of drama on student literacy	45
difficulty of proving causality	16
direct classroom application	10
efforts to improve validity and reliability	7
ethnographic study of teachers recommended	21
ethnographic approach	26, 144
factor analysis to develop categories within themes	20
gender, age and socio-economic status, influence of accounted for	40
interview questions described	48
interviews with administrators	76
interviews with principals, arts and non-arts faculty, and students	90
interviews with students in combination with tests	20-21
longitudinal study of music instruction	108
measuring sustained effects	20
meta-analysis, medical/agricultural model critiqued	3, 83
meta-analysis of studies of figural and verbal creativity	82-83
meta-analysis, problems of arts education studies	139
multi-year study	64
music and literacy, student achievement and attitudes toward	102
need for definitions of aesthetic learning	146
need for research on nature of musical experience	109
need to ensure integrity of arts learning in arts integration studies	146
observational study	64
oral recall of story tested	42
outcomes essential to arts learning	98-99
picture sequencing to show student ability to reconstruct a story	42

# critical links: A professional inquiry process

play analyzed	
problem of transferring research results to classroom contexts	3
problem solving, open ended recommended as research focus	82
problems of comparing schools	73
problems of meta-analysis	139-140
problems of small sample size	74-75
process of rating student work	141
professional knowledge and research knowledge compared	56
qualifying study limitations	141
qualitative evidence of student perceptions of the effects of arts education	76
quasi-experimental approach	108
questionnaires administered to 11th graders	76
recommends more qualitative measures of creativity	82
Robinson's Test of Writing Fluency	40
SAT's and arts learning research recommended	97
selecting or creating appropriate measures of reading readiness	139
service learning and research	12
situatedness of arts learning	100
sociological ethnographic methods	84
strategies to mitigate influence of researcher/teacher	22-23
student language and exchanges used as evidence	50
student questionnaire	66
student researchers as anthropologists	13
student sample selection, criteria considered	102
student self-concept test	66
student/teacher interactions and student work used as evidence	95
students categorized by academic achievement and art involvement	64
students in top quartile of arts involvement compared with those in bottom quartile	66
suggestion to study students with higher reading ability, and involved in subjects with textual content such as social studies and science	23
teacher expectations and expectancy effects	3
teacher knowledge of inquiry process and discourse language	18
teacher questionnaires about students, school climate, collaboration with arts specialists and arts integration activities	66
teacher/researcher action research approach	28-30
theater education research recommended	62
thick description	57
Torrance Test of Creative Thinking	66
trends in recent studies, critique of	147
working out problems of validity with co-researcher	141
Responding to art	142
SAT score correlations to arts involvement generally and to some disciplines specifically	96
SCANS workforce skills	98
Salomon, G.	8
School arts involvement	72
and school change	84
climate in school	91
culture of school influenced by arts instruction	76
environment influenced by arts teaching and learning	66-67

# critical links: A professional inquiry process

providing arts influences achievement of low-SES students	72-73
reform evaluated	87
Schools analyzed as "arts rich" and "arts poor"	66
Science learning	142
Second language learning criteria	121
Self-regulation and arts integration	64-65
Self-regulation defined	64
Self-thinking and drama in high school	30
Seoul, Korea	4
Service learning in dance	12
Shahn, B.	142
Shakespeare & Company program evaluation	48-49
Shakespeare—influence on learning	48
Shields and Knapp's scale of six national dimensions of effective reform practice	86
Social interaction and achievement in writing	55
Solo performance and self-esteem	119
South Carolina	90
